## Skills

I am a backend developer with experience in **React**, **Redux**, **Node.js**, **Express**, **PostgreSQL**, and **TypeORM**. During my internship, I gained full stack experience but developed a strong preference for backend development. I quickly adapt to new technologies and am committed to writing secure, high-quality code. I thrive in agile environments and am eager to contribute to Wise Home's mission, while expanding my skills.

## Work History

2023-08 - 2024-01	<b>Full Stack Developer Intern</b> <i>Ness KE, S.r.o, Košice, Slovakia</i> <ul style="list-style-type: none"><li>• Developed and implemented front-end features using <b>React</b> and <b>Redux</b>.</li><li>• Built and maintained back-end functionality with <b>Node.js</b> and <b>Express</b>.</li><li>• Worked in a <b>agile</b> environment with 5-10 members</li><li>• Collaborated with front-end and back-end developers to ensure <b>seamless integration</b></li></ul>
-------------------	--

## Education

2021-09 - 2025-01	<b>Bachelor of Science: Software Technology Engineering</b> <i>VIA University College - Horsens, Denmark</i>
-------------------	---

## Hobbies

Apart from coding, I am very passionate about strength training, chess, automobiles, 3D printing and cooking/baking
